Morning Report

0837 Brad → need members/members awareness.

As an organization, as teams & as individuals a challenge of this magnitude is a tremendous growth & learning opportunity

→ Must do a hard, frank AAR

→ Put systems in place to increase our preparedness & effectiveness in the future

→ We will grow & be much stronger because of the strength of our people, & commitment to be better prepared for our next challenge.

→ Doesn't get any better than having challenges like this thrust upon us & knocking 'em down.

→ One Team
